Eligibility

Eligibility Requirements

If you are a full-time employee (working 30 or more hours per week), you are eligible to enroll in the benefits described in this summary. Qualified dependents eligible for select benefit coverage include:

- Your legally married husband/wife
- Your child(ren) up to age 26
- Your disabled child(ren) of any age who are either incapable of self-support, disabled before the age limit of 26 and claimed as a dependent on your income tax return
- Civil Union Partners
- Retirees
 - » IMRF employee subject to IMRF age and vested service requirements
 - » Worked as fireman/police officer for a member employer and qualifies for continued coverage under 215 ILCS 5/367f (fireman) or 215 ILCS 5/367g (police officer)

Waiting Period

All benefit eligible employees electing coverage will be effective on the first day of the month following date of hire or coinciding with the first day of the month.

Qualifying Events

Outside of open enrollment you would need to have a qualifying event to add, drop, or make changes to your benefits. Employees are responsible for notifying Human Resources within 30 days of the qualifying life event to make a change to benefit elections. Qualifying event changes are effective on the date in which the event occurred.

Some examples of qualifying events are:

- Losing existing health coverage
- Losing eligibility for Medicare, Medicaid, or Children's Health Insurance Program (CHIP)
- Turning 26 and losing coverage through a parent's plan
- Getting married or divorced
- Having a baby or adopting a child
- Death

Insurance Benefits

Insurance Terminology

Deductible

The deductible is the amount you pay out of your pocket before the plan will begin to pay. Annual deductibles reset each year on January 1st .

Embedded Deductible (PPO 750 Plan)

In a health plan with an embedded deductible, no single individual enrolled in family coverage will pay more than the individual deductible amount.

Non-Embedded Deductible (HDHP Plan)

In a health plan with a non-embedded deductible, a single individual enrolled in family coverage may be responsible for meeting the entire family deductible amount.

Copayments

Copayments (or copays) are fixed dollar amounts you are expected to pay to receive certain services such as office visits, procedures, or prescription drugs.

Coinsurance

Coinsurance is a percentage of costs for health care services that you will be expected to pay once the annual deductible has been met.

Out-of-Pocket Maximum

The out-of-pocket maximum is the annual cap on the dollar amount you are expected to pay out of pocket for services (including deductibles, copays, and/or coinsurance). Once the annual out-of-pocket maximum is met, the plan will cover 100% of any remaining medical expenses for the year.

Premium

Premium is the amount to be paid for insurance coverage, whether services are used or not.

Insurance Benefits

Medical Insurance

Carrier: BlueCross BlueShield

Website: www.bcbsil.com

Phone: 800-828-3116

PPO Plan

A PPO plan offers the freedom to receive care from any in- or out-of-network doctor, specialist or hospital without a referral. Once the deductible is met, coinsurance (or the cost share between you and the carrier) kicks in. Outside of office visits or pharmacy, deductible and coinsurance apply. If receiving services out-of-network, costs may be higher.

High Deductible Health Plan

The HDHP is a high deductible health plan that provides health care benefits after the deductible has been met. All medical services, with the exception of preventive care, are paid for by you at 100%, less carrier discounts, prior to meeting your entire annual deductible.

HMO Plan

The HMO gives you access to certain doctors and hospitals but restricts services to in-network providers. There are no out-of-network benefits. Your care is managed by a Primary Care Physician (PCP). If you require a specialist, outpatient procedure or hospitalization, your PCP must refer you.

Prescription Drugs Generic Default

For the medical plans with a drug copay card, brand drugs will default to generic when a equivalent is available. If your doctor determines you cannot tolerate the available generic equivalent, your doctor can write dispense as written/do not substitute on the prescription. Otherwise, you will pay the brand drug copay amount plus the difference in cost between the brand drug and its generic equivalent.

Health Reimbursement Arrangement | EBC

Health Reimbursement Arrangement (HRA)

A Health Reimbursement Arrangement (HRA) is an employer-funded account that is designed to reimburse employees for qualified deductible expenses. Your employer sets up the HRA and determines the amount of money available in each employee's HRA for the coverage period.

Reimbursement Process

Rx Claims

Present your insurance card so your discounted Rx claim can be paid with your Benny Benefit Card at the pharmacy. The card works at IIAS vendors. IIAS technology does the substantiation.

Non-Rx Claims

- Show your insurance card and get services as normal
- An Explanation of Benefits (EOB) showing your deductible responsibility is created and can be seen online at www.bcbsil.com
- Send an EOB copy and signed EBC reimbursement claim form for reimbursement

OR

- Use your Benny Benefit Card to pay your provider with your MasterCard numbers (your provider can do a paper swipe of the card)
- YOU WILL BE ASKED to send a copy of the receipts (EOBs) to substantiate the swipe
- You cannot swipe for more than is left on the card

Tips to Save Money

Preventive/Wellness Exams

- Each covered member is eligible for an annual preventive exam and other appropriate services
- Females are eligible to receive an annual well-woman exam covered at 100% in addition to their annual preventive exam

Prescription Drugs

- Ask your doctor if there's a generic version of the medication being prescribed
- Take advantage of the Generic Prescription Savings Programs at major retailers
- Ask about free samples from your doctor and/or manufacturer rebates
- Use mail order to save on copays

High Cost Scans, X-Rays & Tests

- MRI, PET scans, CT scans, etc. are less costly at free-standing, in-network imaging centers than at hospitals
- Finding an in-network provider will save a substantial amount of money

Accessing Medical Care

The emergency room is a costly experience for issues that aren't true emergencies. There are alternatives that can offer you quick care at a much more affordable cost. The key is finding these alternatives today when you're happy and healthy.

- **Doctor's office:** for non-life threatening symptoms, schedule your appointment.
- **Convenient Care Clinics:** Utilize for fever, sore throat/strep, coughs/congestion, sports physicals, UTIs, etc.
- **Urgent Care (UC):** less costly than the ER; can treat sprains/strains, minor breaks, mild asthma, minor infections, rashes, small cuts, burns, etc.
- **Virtual Visits (MDLIVE):** BlueCross BlueShield's telehealth program provides access to non-emergency medical care from the comfort of your home.

MedsYourWay

MedsYourWay is a program that does an automatic real-time, behind-the-scenes price comparison on select drugs, so members pay the lower available price between a participating drug discount card or plan cost-share amount.
